

Western International Securities, Inc. (WIS) was founded in 1995 to combine the same full service of the nation's largest financial institutions with the personal touch that is missing in so many firms today. WIS provides a diverse range of accounting and financial services to include; Stocks, Bonds, Mortgage Backed, Government Agency, Asset Management, Retirement Accounts, Alternative Investments, Unit Investment Trusts, Cash Management and Insurance.

WIS is a member of the Financial Industry Regulatory Authority (FINRA), an independent, nongovernmental organization that writes and enforces the rules governing registered brokers and broker-dealer firms in the United States. In connection with fulfilling its mission to protect America's investors by making sure the broker-dealer industry operates fairly and honestly, FINRA has published Investor Alerts, Calculators and other Investment Tools.

WIS has compiled a list of these tools by topic for your convenience.
